Miss Janet Tanner Is Selected Queen for HTHS Homecoming

Will Be Crowned At Ball Following Game Tonight

Miss Janet Tanner, daughter of Mr. and Mrs. Paul Tanner, is the 1957 Homecoming Queen at Harrisburg Township high school. The Queen's identity was revealed by Football Coach Lawrence Caluffetti during a Pep Rally held last night at Taylor Field. She will be crowned at the Homecoming Ball at Bonnell gymnasium tonight following the Harrisburg-Carbondale football game at Taylor Field.

The football game will start at

7:30 and the Ball at 10:00. The coronation is scheduled for 10:45 with Miss Joan Seright, 1956 Queen, crowning Miss Tanner.

Miss Tanner won in competition with three other Senior girls: Misses Doris Williams, Linda Schwartz and Jane Davis. They were nominated by the Senior class and final selection was made by the varsity football team, which balloted to determine the Queen.

The Pep Rally was opened by Principal Ellis Henson, after which there were remarks by Coach Caluffetti, Assistant Coach Chester Caddas and senior members of the football squad. Caluffetti introduced all members of his 22-man varsity team. A big bonfire followed.

The annual Homecoming parade was set for 4 p. m. today and with school out because of a meeting of the Southern Division, Illinois Education Association, at Carbondale students were having a full day to prepare their floats and decorate their cars.

At half-time of the football game the HTHS band, directed by Marshall Cothran, will give a special Homecoming program and the Queen and her attendants will be announced. The maids of honor will be Misses Williams, Schwartz and Davis. Freshman attendant will be Linda Woodruff, Penny Wise will be sophomore attendant and Betty Jenkins the junior attendant.

Army Plans to Reassign Clerk

CARBONDALE, Ill. (U) — An Army private assigned to clerking duties although described as a "mathematical genius" may soon be reassigned to a more appropriate job.

Pvt. Ernest Shult Thursday sent a telegram to Dr. Carl Lindegren, world-famed geneticist at Southern Illinois University, asking for a "Transcript of credits pending Army reassignment—Rush—Three cheers."

Lindegren, Shult's former professor at SIU, protested earlier this week that the Army was making a shameful waste of Shult's talents by using him as a headquarters clerk.

In Washington, Army undersecretary Charles C. Finucane was reported to have promised a transfer for Shult to duties more in line with his scientific training.

Lindegren termed Shult, 24, a "mathematical genius" and said the army should permit the private to return to SIU if it couldn't utilize his talents.

Shult was assigned as a clerk-typist at Fort Lee, Va., after he was drafted last April.

Peabody Moving General Offices To St. Louis

ST. LOUIS (U)—Merle C. Kelce, president of Peabody Coal Co., announced Thursday night the firm's general office operations will be centralized here by Nov. 11 as an "efficiency measure."

Kelce said Peabody, one of the nation's largest coal mining firms, will transfer its Kansas City accounting center and its sales office in Chicago to the St. Louis office, which now manages the mining operation.

The move will bring 150 additional office employees to St. Louis, Kelce said, and increase the payroll at the St. Louis office to "more than \$1,200,000" per year.

The company will move into a new three-story building, Peabody carries on its main operation in Illinois and Kentucky. It recently opened the new River King Mine at Freeburg, Ill.

Edward Topper Elected Officer Of Masonic Class

Edward L. Topper of Harrisburg was honored this week by election as one of the officers of a class of 152 candidates receiving the 32nd Masonic degree at East St. Louis.

Topper, the son of Mrs. I. M. Taylor of Harrisburg, was named historian of the Robert R. "Bob" Thomas class at the 101st reunion of the Scottish Rite Bodies, Valley of East St. Louis, a co-ordinate body of Masonic lodges conferring degrees above the basic three degrees of local "Blue" lodges.

In addition, Topper was honored by being the actual candidate in one of the degrees where the work of the lodge conferring the degree is exemplified to the other candidates.

The memorial class was dedicated to the late Robert R. Thomas of East St. Louis who was organizer and teacher of the old Live Wire Sunday school class of the First Presbyterian church at East St. Louis, where as many as 1,000 were once enrolled.

Other candidates for the 32nd degree from this area included James Woolard of Galatia, Royal Wayne Alvey of Cottage township, George D. Horning of Elizabethtown and Carl Foster of Ridgway.

New Red Cross Course in Care Of Sick, Injured

The Saline County chapter of the American Red Cross announces that a new course in Care of the Sick and Injured is now available. The part of the course concerning care of the injured is in line with the requirements of the National Civil Defense organization and the Red Cross Disaster program, and will be most helpful in care of any accident case.

Special material in care and treatment of victims of Asian flu has been added to the course to help prepare for an epidemic. The part of the course concerning the care of the sick in the home has been revised to include simplified methods of home nursing.

Classes are now being organized and those who are interested in enrolling should call the Red Cross offices in the court house or Mrs. Richard Davenport, chairman of the Red Cross Nursing programs. There is no charge for the course and even the ones who have taken the course previously will find a refresher course beneficial due to the new subject matter that has been added.

The first class will start on Wednesday, Nov. 13, and will be taught every Monday, Wednesday, and Friday until completion of seven class periods. The class will be taught by Mrs. Mabel Burton, Nursing Supervisor, Egyptian Health Department, Mrs. Burton, Mrs. Ruby Turner, Mrs. Marjorie Whitson, and Mrs. Ethel Mathias, Red Cross Home Nursing instructors, recently took a refresher course under Mrs. Janet P. Mott, Red Cross instructor trainer, and are now qualified to teach the new Home Nursing Course, "Care of the Sick and Injured."

AFL-CIO Warns Textile Union Of Suspension

Action Follows 25-4 Vote to Oust Teamsters

Council Prepares To Crack Down on Bakery Workers

WASHINGTON (U)—The AFL-CIO Executive Council warned the United Textile Workers today that it will be suspended unless it rescinds an agreement to pay its resigned secretary-treasurer more than \$100,000 in "severance pay."

The council also was reported to have laid down these two other stipulations to the 40,000-member union to avoid suspension from the AFL-CIO:

1. Remove its president, Anthony F. Valente.
2. Call a special convention before Nov. 15.

Sources within the AFL-CIO said that Lloyd Klenert, who resigned as secretary-treasurer a week ago, was scheduled to receive \$100 a week for 20 years. He has been a target for corruption charges.

Valente and other UTW officials reportedly told the council that the money included salary for the unexpired portion of Klenert's term and "insurance" due him.

The report came while the council prepared to crack down on the UTW and the bakery workers union.

Teamsters Ousted
"They'll get the ramrod" like the Teamsters, one council member said. The Teamsters Union was suspended Thursday by a 25-to-4 vote.

UTW executive board members, led by Valente, made a 20-minute appearance before the council this morning. They refused to comment afterward.

Bakers President James G. Cross and fellow union officials followed them on the AFL-CIO carpet. That session lasted more than an hour.

The council did not arrive at a decision in the bakers case before a noon recess.

The council voted Thursday night 25 to 4 to suspend the 1,400,000-member trucking union for failing to give the gate to President elect James R. Hoffa and a raft of other top officials accused of corruption.

Meany States Position
Blunt-spoken AFL-CIO President George Meany, a cigar clenched between his teeth, made it clear there was only one way for the Teamsters to get back into labor's official family: purge Hoffa and the other marked officials and allow an AFL-CIO committee to supervise the union's housecleaning.

If they refuse, the council warned, it will urge that the union, largest in the nation, be expelled outright at the federation's December convention.

Flying Boxcar Crashes; 4 Dead

OKLAHOMA CITY (U)—A C-119 Flying Boxcar crashed and exploded in a 40-acre field in the midst of an Oklahoma City suburb Thursday night, killing all four crewmen.

The twin-engine transport from Chanute Air Force Base at Rantoul, Ill., plowed into the field one minute after takeoff from Tinker Air Force Base. It barely missed a group of homes in Midwest City.

Fire of terrific intensity engulfed the \$561,000 craft and it was an hour and a half before anyone could get close enough to inspect the ruins.

Living Costs At New High

WASHINGTON (U)—The cost of living hit a new high in September, climbing for the 13th consecutive month, the government announced today.

Food prices dropped slightly, but this was offset by advances in other fields.

The index of goods and services bought by the average U. S. city worker, based on 1947-49 as 100, rose to 121.1.

This represented a 3.4 per cent reduction in the value of the city worker's dollar in one year.

However, the report predicted that inflation will be held in check the next few months.

Ewan Clague, commissioner of labor statistics, said he expects little change in the overall price index during the next few months, with "lots of internal movements more or less balancing."

Former Senator McKellar Dies

MEMPHIS, Tenn. (U) — Former U. S. Sen. Kenneth D. McKellar (D-Tenn.) died here today in a nursing home.

The 88-year-old McKellar, a former dean of the Senate, was a bachelor. In a joking vein with newsmen earlier this year, the aged McKellar had said he made a mistake in not marrying.

"I should have married young," he said. "The trouble was the older I got I became more particular and less desirable."

Dr. J. H. Adler, who had been attending McKellar at the Adler Nursing Home for the past two months, said McKellar died of "old age."

Up to Governor

Party Undecided On Candidate To Succeed Nickell, Stratton Says

SPRINGFIELD (U) — Illinois Republicans today were busy taking stock of their potential candidates for two state offices to be filled next year, with Gov. Stratton largely in charge of the certification committee.

Stratton told a news conference Thursday the party hasn't settled on a candidate to succeed Vernon L. Nickell as state superintendent of public instruction. The problem, he said, would be to find a candidate who would have "the confidence of the people," and who would "know how to get himself elected."

Later Thursday the GOP County Chairmen's Assn. turned over to Stratton the biggest part of the task of finding a man with such qualifications. The association met with Stratton at a lunch meeting, and later its 10-member executive committee conferred with the governor for nearly two hours in Stratton's statehouse office.

Stratton Seeks Ideas
L. C. "Jack" Martin, the association chairman, said the governor had agreed to contact various educational and professional groups around the state to obtain their ideas on who would be most ideally fitted for the assignment.

The governor, Martin said, should be able to find "two or three" potential candidates whom he could recommend to the association.

Nickell announced Wednesday he would not be a candidate for reelection to a fifth term as superintendent for reasons of health. The scramble to find a new man began almost before Nickell made the announcement.

State Rep. Louis F. Bottino, Lockport, has been most prominently mentioned as Nickell's possible successor. Others discussed include Dr. Harold Metcalf, Bloom Township high school superintendent; Dr. Harold Richards, Blue Island school superintendent; James Pease, La Grange grade school principal; and Joseph Hobbs of Havana, Mason County schools superintendent.

Martin said State Rep. Louis E. Beckman of Kankakee and former treasurer Warren Wright appeared to be foremost among the possible candidates for treasurer. Others mentioned by Stratton at his news conference included assistant secretary of state Sam Young and present assistant treasurer Conrad Becker.

NEW ATTORNEY GENERAL — Retiring Attorney General Herbert Brownell (right) lets his successor, William P. Rogers, try out his seat at the Justice Department in Washington. Rogers, the present Deputy Attorney General, will take over Brownell's post in about two weeks. Brownell has announced he will return to private practice. (NEA Telephoto)

Will Not Happen Again

Sears Official Admits Firm Engaged in Acts to Fight Labor

WASHINGTON (U)—A spokesman for Sears, Roebuck & Co. admitted today that some of the firm's officials engaged in "inexcusable, unnecessary and disgraceful" acts to fight a union in Boston.

He said it would not happen again.

Wallace Tudor, vice president in charge of personnel of the nation's largest mail order house, told the Senate Rackets Committee the officials responsible cooperated with Nathan W. Shefferman's labor relations firm.

He added: "The handling of the Boston situation involved a series of mistakes highlighted by widespread use of pressure and coercion, discrimination against employees for union activities, favoritism, intrigue and unfair labor practices."

"A repetition of these mistakes will not be tolerated by this company."

Says Connection Severed
Tudor said the Boston incidents "and other scattered... excesses" by Shefferman's firm "were

isolated episodes, contrary in principle and practice to the employee relations program of Sears, of which we are justly proud."

Sears, he said, now has cut off all relationship with Shefferman and his firm, Labor Relations Associates of Chicago.

Shefferman, described as "a notorious union buster" by the Senate committee, has some 300 management clients across the nation. The committee is investigating his activities and has aired several cases in which he blocked union organizing drives by what it calls unfair labor practices.

Tudor said Shefferman was employed by Sears in 1935 to handle union problems. He said he retired from the firm in 1948.

Shefferman meanwhile had formed Labor Relations Associates (LRA) in 1939 and the firm was retained "on a consulting basis" after he left Sears.

Bought at Wholesale
Tudor said Shefferman "like many other employees" was allowed to buy merchandise at wholesale "for his friends in the unions." But Sears, he said, put a stop to it in 1955.

Sears also paid for Shefferman's trips to union conventions and for entertainment of labor leaders, Tudor said.

Since 1953, he said, Shefferman has handled only four contract negotiations for Sears, though the firm had about 200 union contracts. LRA also handled only 11 of 187 union efforts to organize Sears employees in this period, he said, and one since 1955.

Miss Dailey, top photo, spoke briefly to the students and observed classroom instruction during the morning. In the afternoon she was accompanied to Carmi by Mrs. Shirley Oshel, R. Office Of State Treasurer May Become Springboard for Governorship

SPRINGFIELD, Ill. (Special)—The office of state treasurer could become a popular springboard for aspirants to the Governorship of Illinois, now that it becomes a four year term instead of two years. The two year limit is lifted with the expiration of the term of incumbent Treasurer Elmer J. Hoffman, Wheaton, barred by the state constitution from succeeding himself.

The increased term was approved by the voters in the 1954 off-year state election. It will give the treasurer elected next year and others following him the opportunity to run for governor while still holding down the treasurer's job. The treasurer is exempt from a constitutional ban against incumbent state officers seeking another state office during the term he was elected for.

Should an incumbent treasurer run for Governor in 1960 during the middle of his four year term, he would have plenty of precedent although the others only served at a time when the tenure was two years. Former Govs. John R. Tanner and Len Small and Gov. William G. Stratton were former state treasurers who went up to the Governorship. Small and Stratton each served twice as state treasurer before becoming Governor.

Although former Secretary of State Edward J. Barrett, Chicago, now Cook County clerk, is reported as having said that "I only want to be re-elected county clerk" downstate adherents at an independent Democrat rally here last month made some studied inquiries about his prospects for state treasurer with an eye on the 1960 race for the Democratic gubernatorial nomination.

Other Democrats whose names are getting a good play for the 1958 state treasurer nomination are State Reps. Robert T. McCarthy, Lincoln; Paul Simon, Troy; and Alan J. Dixon, Belleville. Dixon has put a mild quietus to reports he might be a candidate. McCarthy, however, said "I am a little intrigued. I might be a candidate if the party wants me to."

On the Republican side for state treasurer it is still Samuel H. Young, Evanston, assistant secretary of state; former State Treasurer Warren Wright, Park Ridge, and Conrad Becker, Red Bud, a former state treasurer and now serving as assistant treasurer. State Rep. John W. Lewis, Marshall, House majority floor leader at the 70th General Assembly, is being mentioned as a possible add-on.

MR. AND MRS. FRANK CHAMNESS are shown cutting their Golden Wedding anniversary cake at an open house reception on Oct. 20.

Mr. and Mrs. Frank Chamness Review 50 Years of Marriage

Mr. and Mrs. Frank Chamness celebrated their Golden Wedding Anniversary in their home, 14 East Lincoln street, Harrisburg, Oct. 20, with an open house reception from 2-5 o'clock.

Mr. and Mrs. Chamness were married Oct. 23, 1907. Mrs. Chamness was the former Miss Nelle B. Blackman, then 18 years old, and when Rev. Lindsay M. Miller, Creal Springs Free Will Baptist minister, read "obey" into the ceremony, the bride accepted, and according to Mr. Chamness has lived up to the letter of the pledge. Miss Pearl Webber and Cyrus McCraven were their attendants and they went to Paducah, Ky., for a honeymoon trip.

The young people started their married life as proprietors of a small restaurant in Creal Springs, where soup sold for 5c a bowl and

ice cream sodas were also five cents.

Later they moved to Carrier Mills, where they thought the opportunity was greater and had the first soda fountain in that city. This, and a general merchandise store, were their means of livelihood until Mr. Chamness joined the Metropolitan Life Insurance company in 1916. This subsequently brought them to Harrisburg to live. Mr. Chamness had risen in the company to a superintendent's position and although retired, is still interested in the company's progress.

Mr. and Mrs. Chamness are members of the First Baptist church of Harrisburg and Mr. Chamness is a past master in the Masonic lodges of both Harrisburg and Carrier Mills. He is a member of the Mississippi Valley Consistory and Ainal Temple of the Mystic Shrine, East St. Louis. He is a Spanish American War veteran.

Mrs. Chamness is a member of the Eastern Star.

Mr. Chamness says, "Now, as we are coming to the end of life's pleasant journey, we hope to hear from Him who sitteth as the judge supreme, the welcome words, 'Enter into the joy of thy Lord.'"

... the limbs, the weather
and the knock on your door

You may answer your door any day now and meet Bill Dunston, or another foreman of a CIPS line clearance crew. His job is to help protect our customers from the inconvenience of interrupted electric service that might result from damage due to severe weather conditions.

Broken or "shorted" transmission and distribution lines sometimes deprive entire communities of vital electric service until the damage can be repaired. A majority of such interruptions are caused by thrashing or falling trees. So, the crew minimizes these hazards by trimming trees that might come in contact with the wires.

A line clearance crew foreman may be knocking on your door soon to ask permission to trim trees or towering brush growing too near electric lines on your property. His work is important in keeping your electric service dependable... and requires the cooperation of you and your neighbors.

CIPS line clearance crews like Bill's work the year around. They are busy trimming and clearing thousands of miles of lines that carry convenient, low-cost electricity to the homes and businesses of more than a quarter of a million people... including your own.

ONE PENNY'S WORTH OF ELECTRICITY will toast an entire loaf of bread in a modern electric toaster. What else that you buy today does so much... costs so little?

Butcherbird

Common name of the shrike is butcherbird, coming from their habit of thrusting mice and smaller birds onto thorns or forked twigs, much as a butcher hangs meat on hooks. Shrikes then tear their prey to pieces and eat it.

Matter of FACT

Mention the name Abigail Smith to anyone today and chances are they've never heard of her. Yet, she was the first mistress of the White House and had the unique distinction of having been the wife of one president of the United States and the mother of another. In 1764, Miss Smith, the daughter of a New England clergyman, married John Adams. In 1767, she gave birth to John Quincy Adams and in 1800 she moved into the still incomplete White House for a short time at the end of her husband's term as president. She died in 1818, six years before her son was elected to the presidency.

Radio "Hams"
No one knows definitely how the name "ham" originated for amateur radio operators. Some think it came from the Cockney habit of placing an "h" before initial vowels, thus "hamateur" eventually being shortened to "ham."

The pilot fish gets its name because it accompanies ships and sharks. Science has proved that the small fish accompanies the shark only to eat the food the shark leaves.

A MATTER OF LANGUAGE! "Home" is a happy word. "Mortgage" was once a less popular one—because lump-sum repayment was a condition difficult for many families to meet. The modern mortgage arrangement offered by American banks like ours permits gradual repayment, of principal and interest, in instalments. Today, more and more Americans are buying homes because "mortgage"—at least the kind our bank arranges—now means simply "a convenient, economical means of attaining ownership."

Bounce Back Week in College Football

By HARRY GRAYSON
NEA Sports Editor
NEW YORK — (NEA) — This
very well could be Bounce Back
Week in college football, especially
in the Big Ten.

The handicapper scarcely can
be charged with stabbing for long-
shots in picking Michigan State,
Minnesota and Wisconsin against
Illinois, Michigan and Ohio State,
respectively, on Oct. 26. And this
one goes a step or two farther by
selecting Pittsburgh over Notre
Dame, Arkansas to snap Missis-
sippi's all-conquering string and
Penn State to outscore Syracuse.
Oregon State is a leadpipe cinch
at Washington.

Several underdogs had their day
on Oct. 19. The upset that rocked
the country was Purdue's smash-
ing 20-13 victory over supposedly
invincible Michigan State.

The Boilermakers hadn't won in
three previous outings, yet this
one was not as inexplicable as it
seemed at the sound of the final
gun. The outcome doesn't neces-
sarily mean that the Spartans
are not still the finest college
squad in the land. They were
higher than a cat's back, actual-
ly over-eager for their natural and
neighborhood rivalry with Michi-
gan, the outfit they want to beat
most. Their biggest objective
realized, there simply had to be a
letdown.

On the other hand, Purdue is al-
ways tough for Michigan State.
And against three strong clubs,
the Boilermakers demonstrated
that they could stay on the field
with any college array. They out-
statisticked Minnesota while be-
ing edged, 21-17, for example.

IT HAS BEEN DEMONSTRAT-
ED through the years that coaches
can't keep professionals, let
alone college kids, at the same
level of excellence week in and
week out. Bud Wilkinson has done
a splendid job of this at Oklahoma,
but the old Minnesota quarterback
and guard is the first to tell you
that obliging oases in the Sooners'
schedule make this possible. The
Redshirts had time to rest, doctor
their wounds and wrap their
thoughts together.

Michigan State lost the ball to

Purdue five times on fumbles.
This and the emotional factor and
the up and down curve caught up
with the Spartans.

The answer to the biggest so-
called college football upset is
that some of the boys is left in
even the superior player. He can
become fatheaded and whatnot.
Teams have their own idea of
what they can accomplish. When
a group gets it in their collective
heads that they can beat another
without an all out effort, the coach
can shout his head off without
firing his lads' imagination.

It frequently is impossible to
get them to go overboard emo-
tionally, and football, particularly
the college variety, largely is a
game of emotion. So, a team gets
set back on its heels and stays
there for the afternoon.

It's the human element that
makes a college team a champ
one week and a chump the next.
That's good for football and one
of the numerous things which
make it the greatest of all games.

WITH THAT THOROUGHLY
understood, here are the guesses
for Oct. 26:
Michigan State 41, Illinois 13.
Minnesota 25, Michigan 20.
Wisconsin 23, Ohio State 20.
Pittsburgh 20, Notre Dame 16.
Arkansas 21, Mississippi 17.
Penn State 27, Syracuse 23.
Oregon State 34, Washington 6.
Miami 20, Kansas 7.
Mississippi State 20, Alabama 2.
Louisiana State 27, Florida 7.
South Carolina 21, Clemson 14.
Kentucky 21, Georgia 9.
Tennessee 14, Maryland 7.
Duke 27, North Carolina State 21.

Georgia Tech 26, Tulane 0.
Army 35, Virginia 6.
Oklahoma 42, Colorado 14.
Auburn 14, Houston 8.
Texas A. and M. 27, Baylor 6.
Rice 21, Texas 7.
Iowa 28, Northwestern 3.
Dartmouth 27, Harvard 0.
Navy 27, Pennsylvania 6.

HTHS Freshmen Drop 33-13 Tilt To Herrin Frosh

Harrisburg freshmen dropped a
33-13 grid tilt to Herrin frosh at
Taylor Field last night.

Harrisburg took a 7-0 lead the
first quarter when quarterback
Robinson ran through left tackle
on a 30-yard jaunt to the goal line
and John Utter, halfback, went
through the line for the extra point.

Herrin's Williams scored early
in the second period and the extra
point was good to make the count
7-7 and Herrin scored twice more
in this frame, Williams making
another tally and Burlison one to
give Herrin a 20-7 lead at half-
time.

Williams scored his third touch-
down in the third period to run
the count to 27-7.

The margin was increased to
33-7 in the fourth period when Wil-
liams scored his fourth touchdown.
Harrisburg's final points came
when Robinson passed to Abney
for a touchdown.

Coach Gene Bland, with Harris-
burg going on defense at the out-
set, started Henshaw, Utter,
Starnes, Lamb, Klein, Upchurch,
Patton, Summers, Carnett, Karnes
and Robinson, with Wirth, Hicks,
Abney, Hilliard and McKeever see-
ing lots of action, too. In the clos-
ing seconds all the players got in
the game.

It was the final game of the year
for the frosh.

Busso Favored To Beat Kerwin

NEW YORK — Lightweight con-
tender Johnny Busso is favored
at 12-5 to beat Gale Kerwin, the
second substitute, tonight at Mad-
ison Square Garden.

Canadian-born Kerwin of Valley
Stream, N. Y., is substituting for
Sonny Boy Williams, who was sub-
stituting for Italian Paolo Rosi.
Both Rosi and Williams were bed-
ded by the flu.

Busso of New York, 23, objected
to Kerwin as a replacement be-
cause of his proficiency with the
left hook. Johnny always had a
weak defense against left hooks.
However, no other capable substi-
tute was available.

Accordingly, 22-year-old Kerwin
will square off for his first Gar-
den main event at 8 p. m. c. s. t.;
and it will be televised and broad-
cast nationally by NBC.

Clemson Wins 13-0 Upset Over South Carolina

COLUMBIA, S. C. — Sopho-
more quarterback Harvey White
sparked Clemson in two swift
thrusters Thursday to an upset vic-
tory over South Carolina, 13-0, be-
fore 44,029 fans who were damp-
ened by pre-game showers but sat
in sunshine at the end.

White, 200-pound son of the
Greenwood County, S. C., sheriff,
got the Tigers started toward the
upset in the annual state fair class-
ic between the two state-supported
schools late in the second period
after a South Carolina drive stalled
at the Tiger 14.

White ran for 21 yards when
he couldn't find a pass receiver,
threw 28 yards to halfback Bill
Mathis at the South Carolina 15,
then found his other halfback Son-
ny Quesenberry, open at the six.
Quesenberry stumbled into the end
zone with little more than a min-
ute left in the half.

The second drive, 72 yards in
only four plays, featured a 60-yard
White pass to end White Jordan
who caught the ball at the 23. Jordan
fumbled the ball out of bounds
as he raced toward the end zone.

Fullback Rudy Hayes then
smashed over from the one and
White converted.

The loss was the second straight
to Clemson for youthful South Car-
olina coach Warren Giese, who has
yet to see his team score on the
arch-rival Tigers. Clemson won
7-0 last year and went on to the
Orange Bowl.

It was the 32nd win for the Tig-
ers since the ancient series be-
gan in 1896. South Carolina has
won 20.

The annual classic, known as
Big Thursday, is scheduled to go
out of existence in 1959 at the in-
sistence of Clemson.

Dedicate Men's Dormitory At MacMurray

JACKSONVILLE, Ill. (AP)—MacMurray College for Men came into official existence today, ending 111 years of exclusiveness for MacMurray College for Women.

Ceremonies later today will include the dedication of a new \$500,000 men's dormitory, along with a new field house and athletic field.

Dedication of the new men's college was combined with the annual founders day ceremonies, including the traditional candlelight dinner of the MacMurray alumnae association tonight, and the semi-annual meeting of the board of trustees.

A total of 136 men have enrolled in the new men's college under a co-ordinate educational program begun this fall. Enrollment in the 111-year old women's college totaled 479. Classes began last week.

The two colleges are independent of one another, and the independence extends to most academic activities. Men and women attend separate classes for their freshmen and sophomore years.

Campus activities, including student government and publications, also are separate for the two colleges, which share facilities, faculty and administration.

The college administration organized the co-ordinate system principally in the belief that the new men's college would provide greater strength to the college program, provide a more balanced social environment, and permit greater service by the institution.

Flu Onslaught Closes More Illinois Schools

By United Press

The Illinois Asian flu onslaught has closed public schools in Paris, Peoria, Danville, Camargo and Villa Grove in a wide band across central Illinois.

Football grandstands at numerous Illinois high schools were deserted and games cancelled due to the Asian flu epidemic which continued to grow in intensity.

There were no reports of additional deaths attributed to Asian flu or its effects. The statewide flu death toll stood at 17.

The situation also grew worse at the Dixon State School for the Mentally Retarded. Forty-seven new flu cases were reported Thursday, bringing the total to 2,284 including 54 employees.

Ten deaths already have hit the institution, 959 patients are confined to bed; 39 are in isolation and of that number 9 are listed in poor condition and 2 in critical condition.

Illinois high school football games reported cancelled due to the flu were the following:

Wheaton Academy vs. North Shore Country Day, Fairbury vs. Gibson City; Tremont vs. Morton, Deer Creek vs. Mackinaw, Paris vs. Georgetown, Oakland vs. Hoopes-ton, Rossville vs. Milford, Streator vs. Danville, Peoria Limestone vs. Canton, Avon vs. Corpus Christi, Roseville vs. Alex, Galva vs. Bradford, Valley High vs. Table Grove, Peoria Manual vs. Woodruff, Peoria Central vs. Pekin and Cairo vs. Eldorado.

Boy Killed While Riding Bicycle on Highway Near Sesser

SESSER, Ill. (AP)—A car driven by a Southern Illinois University student struck and killed a young boy riding a bicycle Thursday night.

Lindell Tittle, 12, Route 1, Schellert, was pronounced dead on arrival at the hospital.

Wayne D. Kirk, 19, Route 2, Robinson, said the glare from headlights on oncoming cars blinded him and he didn't see the boy. Kirk was accompanied by two SIU students who were enroute to their homes for a long weekend.

The students had gotten an early start, they said, because flu had caused classes to close one day early at SIU.

Spinster Bank

Teller Questioned, Drinks Ammonia

CHICAGO (AP)—A spinster bank teller was hospitalized under police guard today, recovering from a draught of ammonia she drank Thursday night when FBI agents tried to question her about a shortage in her accounts.

FBI Agent-in-Charge Richard D. Auerbach said investigators were sent to the home of Miss Aurantis Pappas, 40, receiving teller in the installment loan department of the State Bank of Clearing. A routine check of her accounts during her vacation this week revealed a shortage estimated at \$100,000, he said.

The \$350-a-month teller is charged with faking installment loan cards.

Auerbach described Miss Pappas as a modest dresser, who neither gambled nor drank to excess. She had been employed by the bank for 17 years, and never gave her employers cause for concern.

Former Hatchet Man Is Slain

NEW YORK (AP)—A man identified by police as Albert Anastasia, former hatchet man for Brooklyn's notorious Murder Inc. gang, was shot and killed today by two gunmen in the barbershop of a midtown Manhattan hotel.

Anastasia was seated in a barber chair in the shop of the Park Sheraton Hotel. Two masked men walked in, drew their guns behind his chair and fired several shots into the back of his head, police said.

Anastasia pitched face forward to the floor.

The hotel is the same one in which notorious gambler Arnold Rothstein was shot in 1928, a murder which is still unsolved. It was known then as the Park Central.

Brief Honeymoon For Bing, Bride

PALM SPRINGS, Calif. (AP)—The honeymoon of Bing Crosby and his 23-year-old bride at Crosby's \$250,000 home near this desert spa will be a brief one. They both have to go back to work Monday.

The 53-year-old crooner, who parlayed a crooning baritone and an easy manner into fame and fortune, was wed in Las Vegas, Nev., Thursday to brown-eyed actress Kathy Grant, a Texas-born beauty.

After a wedding party they retired to Crosby's lush stone home at Silver Spur Ranch, a private development by Crosby and some of his friends.

The couple's marriage came as a surprise to friends and relatives, and it was a hurried decision for themselves, too.
